PROFILE SUMMARY

Results-driven Full Stack Developer with 1.5 years of experience building dynamic web applications using React.js, Node.js, PHP, and MySQL. Passionate about the logic behind clean code, with proven expertise in MVC architecture, secure RESTful APIs, and full-lifecycle development. Dedicated to delivering real-world solutions, including government portals and custom scalable platforms, while bringing a reliable, collaborative problem-solving approach to an innovative engineering team.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript (Learning), PHP, SQL

Frontend: React.js, React Hooks, Redux / Context API, HTML5, CSS3, Bootstrap 5, Responsive Design

Backend: Node.js, Express.js, REST APIs, MVC Architecture, WebSockets (Socket.io), JWT Authentication

Database: MySQL (Joins, Indexing, Normalization, Transactions)

Tools & Cloud: Git, GitHub, Postman, VS Code, AWS (Learning)

WORK EXPERIENCE

Junior Software Developer | Orisys Infotech Pvt Ltd - Bhubaneswar, Odisha Feb 2025 - Present

- Built a Driver Attendance System from scratch using React, Node.js, and MySQL, handling both frontend and backend development end-to-end.
- Contributed to the OFDC government portal using PHP and MySQL, focusing on backend logic, data accuracy, and reporting.
- Optimized database queries across multiple live projects, reducing page load speeds by approximately 25%.
- Implemented secure login and role-based access control (RBAC), ensuring strict user authorization.
- Worked on several internal management tools simultaneously, prioritizing tasks and writing highly maintainable code.

SEO Intern | SEOCZAR IT Services Pvt Ltd - Bhubaneswar, Odisha Dec 2024 - Feb 2025

- Executed technical on-page optimization strategies across 10+ client websites, enhancing overall site structure and metadata.
- Fixed technical SEO issues to improve organic search rankings.
- Leveraged knowledge of search engine crawlers to write clean, structured code, resulting in better organic search performance.

Full Stack Web Developer Intern | Cloudedge Technology - Bhubaneswar Feb 2024 - Jun 2024

- Programmed dynamic web applications using PHP and MySQL, delivering custom modules for 3+ client projects.
- Engineered a secure User Authentication System utilizing robust password hashing and strict input validation, ensuring smooth and protected session management.
- Designed responsive, mobile-friendly interfaces using HTML, CSS, and Bootstrap.

PROJECTS

NovusCV – AI Resume Analyzer & ATS Optimizer | *React.js, Node.js, Express, Gemini API, MySQL (Full Stack)*

- Engineered a full-stack web application that parses resume text and extracts key technical skills to evaluate alignment with target job descriptions.
- Integrated the Gemini API to analyze formatting flaws, identify missing high-value keywords, and generate actionable structural recommendations.
- Architected a secure Node.js backend with specialized file parsing capabilities and designed MySQL schemas to store user scan histories and analysis metrics safely.
- Developed a clean, intuitive dashboard using React.js and Bootstrap 5 to render real-time compatibility scores and comparative charts.

Driver Attendance & Fleet Management System | *React, Node.js, Express, MySQL, Google API (Full Stack)*

- Architected a full-stack web application automating check-ins for 50+ drivers, actively tracking geolocation and daily vehicle odometer readings.
- Designed and optimized a MySQL relational database to manage driver profiles, daily attendance logs, and shift timings.
- Integrated RESTful APIs for comprehensive CRUD operations, ensuring smooth data flow between the driver interface and the admin dashboard.

Full-Stack AI Ad Script & Storyboard Generator | *React, Node.js, MySQL, Gemini API (Full Stack)*

- Engineered an AI-powered video ad platform, integrating the Gemini API to automate dynamic script creation and media assembly.
- Architected scalable database schemas in MySQL to store user data, AI prompts, and generated media links.
- Established a robust Node.js backend infrastructure to process complex API payloads and stream responses efficiently.

EDUCATIONAL QUALIFICATIONS

Master of Computer Application (MCA) Aryan Institute of Engineering and Technology, BPUT	2022 - 2024
Bachelor of Science (B.Sc.) - Chemistry Nilgiri Degree College, Fakir Mohan University	2019 - 2022
CHSE (Science) Atal Bihari HS School, CHSE Odisha	2017 - 2019
BSE Govt. High School, Nilgiri, BSE Odisha	2017

CERTIFICATIONS

- Advanced Computer Networks (NPTEL)
- Cloud Computing (NPTEL)
- Industry 4.0 & Internet of Things (NPTEL)
- MySQL: Database Design & Query Optimization (GUVI)
- JavaScript: DOM Manipulation & ES6 Features (GUVI)

LANGUAGES & INTERESTS

Languages: English, Hindi, Odia | **Interests:** Photography, Traveling
