PROFESSIONAL SUMMARY

I am a Full Stack Developer who enjoys the logic behind the code. I built my professional foundation on the reliability of PHP and MySQL, currently applying these skills at Orisys Infotech across diverse government and internal projects. This multi-project exposure has taught me how to handle real-world challenges. Currently, I am expanding that strong experience into the modern stack, actively learning and applying React and Node.js to build equally robust, scalable applications.

TECHNICAL SKILLS

Languages	PHP (Core/OOP), Node.js (Active Learner), JavaScript (ES6+), SQL
Frontend	React.js, HTML5, CSS3, Bootstrap 5, Responsive Design
Backend	MySQL (Complex Queries), REST API Integration, MVC Architecture
Tools	Git/GitHub, Postman, PHPMyAdmin, VS Code, Linux (Basic Commands)
Focus	Backend Logic, Secure Authentication, Software Testing , System Optimization

WORK EXPERIENCE

Feb 2025 –
Present

Junior Software Developer

Orisys Infotech Pvt Ltd, Bhubaneswar

- **Government & Internal Projects (Including OFDC):** Contributing to the back-end development of the OFDC (Odisha Forest Development Corporation) portal using PHP and MySQL.
- Collaborating on other internal management tools, focusing on data accuracy and reporting.
- **Driver Attendance System (React & Node.js):** Applying new skills by building a dynamic attendance tracking system using Node.js for the backend and React for the frontend.
- **Optimization:** Maintained existing codebases across multiple active projects and optimized database queries, improving page load speeds by roughly 25%.
- Implemented secure login sessions and role-based access control (RBAC).

Dec 2024 –
Jan 2025

SEO Intern

SEOCZAR IT Services Pvt Ltd, Bhubaneswar

- Conducted keyword research and on-page optimization.
- Fixed technical SEO issues to improve organic search rankings for client websites.
- Learned how search engines crawl websites, which improved my code structuring skills.

Feb 2024 –
Jun 2024

Full Stack Web Developer Intern

Cloudedge Technology, Bhubaneswar

- Developed dynamic web applications using PHP and MySQL.
- Built a custom User Authentication System with login, registration, and session management.
- Designed responsive, mobile-friendly interfaces using HTML, CSS, and Bootstrap.
- Gained practical experience in team collaboration and debugging code.

KEY PROJECTS

Project Hisab Hub (Daily Transaction Dashboard)

PHP, MySQL, JavaScript

- Developed a complete financial management tool with transaction logging and expense categorization.
- Implemented a Payment Receipt generation tool that allows users to download transaction proofs.
- Created a dashboard to visualize daily expenses and manage overall budgets effectively.

Project Student Fees Management System

PHP, MySQL

- Built an administrative tool to record tuition payments, calculate dues, and maintain transaction history.
- Designed a search-friendly database to quickly retrieve student financial records.

Project Secure Login & CRUD Module

PHP, MySQL

- Created a reusable security module focusing on password hashing and strict input validation.

EDUCATION

2024 Master of Computer Applications (MCA)

CGPA: 8.24

Aryan Institute of Engineering & Technology, BPUT Odisha

2022 Bachelor of Science (B.Sc.) in Chemistry

Nilgiri Degree College, F.M. University

2019 Higher Secondary (Science)

Atal Bihari HS School, Odisha

CERTIFICATIONS

- **Advanced Computer Networks (NPTEL)**
- Cloud Computing (NPTEL)
- Industry 4.0 & Internet of Things (NPTEL)
- MySQL - Database Design & Query Optimization (GUVI)
- JavaScript - DOM Manipulation & ES6 Features (GUVI)
